## PACE NEXUS 2027

### International Conference on Next-Generation Technologies for Energy, Sustainability and Smart Systems - 2027

29 - 30 April-2027

(Thursday & Friday)

**P. A. College of Engineering, Mangaluru, India**

#### ABOUT THE PACE NEXUS

PACE NEXUS 2027 aims to provide an international platform for researchers, academicians, industry professionals, innovators, and policymakers to present and discuss recent advancements in next-generation technologies that support sustainable development and smart systems. The conference focuses on emerging trends in Artificial Intelligence, Computing, Cyber Security, Biotechnology, Sustainable Infrastructure, Advanced Communication Technologies, Renewable Energy, and Smart Manufacturing.

By fostering interdisciplinary collaboration between academia and industry, the conference seeks to promote innovative solutions that address global challenges related to energy, sustainability, digital transformation, and engineering excellence. The conference aligns with the United Nations Sustainable Development Goals (SDGs) and IEEE's mission of advancing technology for humanity.

All accepted and presented papers will be submitted for possible publication in IEEE Xplore Digital Library (Conference Record #XXXX), through the IEEE Conference Publication Program (CPP).

#### Important Dates

# **PAGE 2: CFP**

## **Call for Papers**

Original and unpublished research papers are invited from academicians, researchers, industry professionals, and students. Prospective authors are encouraged to submit high-quality manuscripts describing original research contributions, innovative applications, and emerging trends in engineering, technology, and sustainability.

Topics of interest include, but are not limited to:

### **Track 1: Emerging Computing Paradigms and Intelligent Systems**

- Artificial Intelligence and Machine Learning
- Generative AI and Large Language Models
- Cyber Security and Information Assurance
- Blockchain and Distributed Ledger Technologies
- Data Science and Predictive Analytics
- Trustworthy and Secure Intelligent Systems

### **Track 2: Biotechnology, Healthcare and Environmental Sustainability**

- Environmental Biotechnology
- Biomedical Engineering and Healthcare Technologies
- Bioinformatics and Computational Biology
- Waste Valorization and Circular Bioeconomy
- Sustainable Agriculture and Food Technologies
- Water Treatment and Environmental Remediation

### **Track 3: Advanced Computing and Digital Technologies**

- Cloud Computing
- High Performance Computing
- Software Engineering and Applications
- Data Science and Analytics
- Distributed and Parallel Computing
- Intelligent Information Systems

### **Track 4: Smart Infrastructure, Transportation and Sustainable Cities**

- Smart Cities and Urban Planning
- Green Buildings and Sustainable Construction
- Intelligent Transportation Systems
- Structural Health Monitoring
- Climate Resilient Infrastructure
- GIS, Remote Sensing and Urban Analytics

### **Track 5: Smart Electronics, Communication and IoT Technologies**

- Internet of Things (IoT)
- Embedded Systems and VLSI Design
- 5G/6G Communication Technologies
- Wireless Sensor Networks

- Edge and Fog Computing
- Smart Sensors and Intelligent Devices

Track 6: Sustainable Energy Systems, Manufacturing and Industrial Innovation

- Renewable Energy Technologies
- Smart Grids and Energy Management
- Additive Manufacturing and 3D Printing
- Industry 4.0 and Industry 5.0
- Robotics and Industrial Automation
- Advanced Materials and Functional Composites

## **PAGE 3: Committee Page Structure**

### **Chief Patron**

**Mr. Abdullah Ibrahim**

Managing Trustee, P. A. Educational Trust(R) Member, Governing Council, PACE.

### **Patron**

**Mr. Zubair Ibrahim**

Trustee, P. A. Educational Trust(R) Member, Governing Council, PACE

**Mr. Ameen Ibrahim**

Trustee, P. A. Educational Trust(R) Member, Governing Council, PACE

**Dr. S. Vidyashankar**

Vice Chancellor, VTU

**Dr. Prasad B Rampure**

Registrar, VTU

### **Advisory Committee:**

**Prof. Joao Crespo**, Director of ITQB (Institute of Chemical and Biological Technology) NOVA University of Lisbon, Avenida da República, Portugal

**Mr. Shaheen Nasaruddin**, Director, Information Security, Santander USA

**Dr. Jaby Mohammed**, Professor, College of Applied Science & Technology, Illinois State University, USA

**Mr. Azim Siddique**, Global Solutions Architect, InMobi & Movateourcing, Amazon Web Services, Chicago Illinois USA

**Dr. Syed Usman Taqui**, Dean of Biology and Environment Science & Engineering, King Abdulaziz University of Science and Technology, Saudi Arabia

**Mr. Shiras Valappil**, Director, Kloske Ventures Pty Ltd | ABS Solutions Pty Ltd | India Advisory Committee, University of Newcastle, New Zealand

**Mr. Omar Sinaph**, President - PVS Nolwood, Inc USA, Managing Director - PVS Chemicals Belgium

**Dr. S. A. Khan**, Professor, IIUM, Kuala Lumpur, Malaysia

**General Chair:** Dr Ramis M. K., PRINCIPAL, P. A. College of Engineering, Mangalore

**Organizing Chairs:**

Dr. Asif Hassan

Dr. Shareefraju J Ukkund

Professor & Head, Dept. of ECE

Associate Professor, Dept. of BT

**Organizing Secretary:** Dr. Mohammed Zakir B. Associate Professor & Head, Dept. of AIML

**Program Chairs:**

**Technical Program Committee Chairs:** Dr. Sharmila Kumari, Vice Principal, Professor & Head, Department of CSE, PACE, Mangalore

**Registration Chair:** Krishna Prasad N. Professor & Head, Dept. of BT

**Finance & Sponsorship Chair:** Dr Prashanth Pai, Associate Professor & Head, Dept. of ME

**Publication Chairs:** Mr. Afsar Baig, Assistant Professor, Dept. of AIML, Dr. Saleem Malik, Associate Professor, Dept. of CSE, Dr. Abdul Razak, Associate Professor, Dept. of ME, & Mrs. Shainy Mathew, Assistant Professor, Dept. of BT

**Publicity Chairs:**

Dr. Palakshappa, Professor & Head, Dept. of CV

Mr. Habeeb Ur Rehman P. B., Assistant Professor, Dept. of CSE

**Hospitality & Accommodation Committee:** Dr. Zoheb Ali, Associate Professor & Head, Dept. of MBA, Mrs. Safa Sanah, Assistant Professor, Dept. of CV & Mrs. Laila Jaseela A.

**Technical Program Committee chairs:**

Dr. Shamna N. V., Associate Professor & Head, Dept. of CSE-ICSB

Dr. Ronald Valder, Associate Professor, Dept. of BT

Dr. Asia Hazareena, Associate Professor, Dept. of ECE

Mrs. Jameela, Assistant Professor, Dept. of CV

Dr. Abdul Razak, Professor, Dept. of ME

Dr. Mohammed Hafeez M. K., Associate Professor, Dept. of CSE

Ms. Nazreen Aysha V. M., Assistant Professor, Dept. of AIML

## **PAGE 4: SPEAKERS (Keep this page as “Details are yet to be updated” or under Maintenance)**

**NOTE: Do we have to take any permission before publishing it in website? If yes then its better to keep this page as under maintenance as of now**

**Chief Guest**

**PHOTO**

**Dr. S. Vidyashankar**

**Hon'ble Vice-Chancellor, Visvesvaraya Technological University (VTU), Belagavi**

**Dr. S. Vidyashankar is the Vice-Chancellor of Visvesvaraya Technological University (VTU), appointed in September 2022 and reappointed for another term in September 2025. He previously served as the Vice-Chancellor of the Karnataka State Open University and has had a distinguished academic career at the Bangalore Institute of Technology, where he began teaching in 1991.**

**With over 28 years of teaching and 15 years of research experience, Dr. Vidyashankar has guided six Ph.D. scholars and holds several national and international patents. His academic expertise spans manufacturing engineering, including manufacturing processes, entrepreneurship, foundry technology, and automotive engineering. He also held key administrative positions such as Dean and PG Coordinator at Bangalore Institute of Technology. Dr. Vidyashankar obtained his Ph.D. from Kuvempu University in 2009, and continues to contribute significantly to the advancement of technical education, research, and innovation in Karnataka.**

### **Keynote Speakers**

**PHOTO**

**Any reputed Industry Person**

**PHOTO**

**A Person from Abroad from leading or reputed Institute**

**PHOTO**

**Dr. Chengappa Munjandira (Anyone from IEEE)**

Senior Technologist, Hewlett Packard Academic Senate Member - VTU Vice-Chair  
Technical Activities, IEEE Bangalore Section

Dr. Chengappa Munjandira is a dedicated technologist with nearly fifteen years of experience in the telecommunications industry, specializing in advanced network architectures and innovation. His expertise spans the design and deployment of NFV and virtualized RAN systems, including Telco Core, vEPC, and vIMS, with deep technical proficiency in Open RAN, AI/ML, and cloud-native solutions. Dr. Chengappa has played a key role in pioneering 5G Open RAN deployments and vDU integrations, architecting scalable and efficient systems that have driven latency reduction and enabled a diverse range of real-world applications. His work has involved developing long-term technology strategies, evaluating vendor ecosystems, and leveraging NFV technologies such as DPDK, OVS-DPDK, SR-IOV, and PCI-PT, while also actively contributing to open-source communities. He holds a Ph.D. in Virtualization and Cloud Computing from Visvesvaraya Technological University, an M.Phil. in Computer Science from Christ University, and has completed an advanced program on Space Technologies at the Indian Institute of Science (IISc).

In IEEE, Dr. Chengappa has served as Vice Chair of the IEEE Bangalore Section (2024–2025), where he strengthened faculty engagement, expanded technical activities, and supported subsections across Mysore, Mangalore, and North Karnataka. He has been instrumental in leading several major conferences, including CONECCT 2025, BHTC 2025, BTC 2023–2024. As Vice Chair for Industry Relations at the IEEE India Council (2025), he has been driving the “Industry for IEEE, IEEE for Industry” initiative. Previously, as Secretary of the IEEE Bangalore Section (2022–2023), he strengthened governance and transparency, building on his earlier roles as Lead for Membership Development (2021) and Professional Activities (2020). His leadership as SIGHT Chair (2024) saw the conceptualization of SustainFiesta, an initiative encouraging student innovation aligned with the UN Sustainable Development Goals. Dr. Chengappa continues to lead IEEE MOVE India as its Technical Lead, spearheading India’s first MOVE vehicle for disaster relief and STEM outreach, while also co-leading the IEEE Catalyst Mid-Manager Program bridging academia and industry.

## PAGE 5: Paper Submission Details

### Instructions for Authors

1. Kindly note that PACE NEXUS - 2027 will follow a double-blind review process. All submitted papers will be judged based on their quality, presentation, and relevance through a double-blind review process, where the identities of the authors are withheld from the reviewers. Therefore, the authors are required to preserve the anonymity of submission, while at the same time allowing the reader to fully gain the context of related past work, including their own. Papers that do not conform with double-blind submission policies will be rejected without review (**Very Important!**). Please read the guidelines (given below) to preserve anonymity with double-blind submission.
2. Since the 'Accepted and presented papers' of PACE NEXUS - 2027 will be submitted for possible publication in the IEEE Xplore® Digital Library (**Conference Record #XXXX**), the manuscript must strictly adhere to the standard IEEE two-column format and must not be more than 6 pages.
3. Typesetting instructions and sample templates: IEEE Manuscript Templates for Conference Proceedings [<https://www.ieee.org/conferences/publishing/templates>]
4. The Camera Ready Copy (CRC) of every 'accepted' paper will be subjected to the 'similarity check' using IEEE CrossCheck and Prohibited Authors List (PAL). The CRC that fails these checks would be rejected.

### Guidelines to preserve anonymity for 'double-blind' submissions

1. Remove the names and affiliations of authors from the title page of the PDF file that you submit for review. This information must be included in the final camera-ready copy if your paper gets accepted. While submitting your paper for review, you need to include all the author details only at the registration page. The PDF file of the paper should not have the author information.
2. Remove acknowledgments of identifying names and funding sources from the PDF file that you will submit for review. This information must be included in the final camera-ready copy if your paper gets accepted.
3. Remove project titles or names that can be used to trace back to the authors via a web search engine.
4. Name your files carefully. The source file names (e.g., 'Rajesh.dvi') are often embedded in the final output as accessible comments.
5. Use care in referring to your previous works as related works. Do not omit references to provide anonymity, as this leaves the reviewer unable to grasp the context. Instead, you can reference your past work in the third person format, just like any other piece of related work by another author. For example, instead of 'Recently, we have proposed a new protocol [9] ...', sentences in the spirit of "Recently, the authors in [9] have proposed a new protocol ..." may be used.
6. Papers with the same title and abstract should not be posted on a public website, such as arxiv.org, or shared via public mailing lists or communicated to other conferences/journals/publications.

### Important IEEE Policies

1. IEEE reserves the right to exclude a paper from distribution after the conference (including its removal from IEEE Xplore) if the paper is not presented at the conference.
2. Papers are reviewed on the basis that they do not contain plagiarized material and have not been submitted to any other conference at the same time (double submission). These matters are taken very seriously and the IEEE will take action against any author who engages in either practice. Kindly follow these links for more details: IEEE Policy on Plagiarism [<https://www.ieee.org/publications/rights/plagiarism>] and IEEE Policy on Double Submission [<https://www.ieee.org/publications/rights/multi-sub-guidelines-intro>].
3. Submitted papers must be unpublished and not currently under review for any other publication. The authors of accepted papers will need to sign an IEEE Copyright form and present their paper at the conference.

### **Paper submission link**

Kindly submit the paper through the following link:

**(Link-Not yet created- also discuss when we will get this link?)**

Paper submission via email is not permitted. The papers submitted via email will be rejected without review.

### **CMT Acknowledgement:**

The Microsoft CMT service was used for managing the peer-reviewing process for this conference. This service was provided for free by Microsoft and they bore all expenses, including costs for Azure cloud services as well as for software development and support.

## PAGE 6: REGISTRATION DETAILS

### Registration Fees

1. Registration fees for different categories are provided in the following table. Kindly register in the appropriate category.
2. Student Attendees must send a soft copy of their 'Institute ID Cards' via email.
3. At least one author of every accepted paper must pay the Registration fees and present the paper (in person) during the Conference.
4. Papers not presented at the Conference will not be included in the Final Program and Conference Proceedings.

| Registration Type         | Indian Author | Foreign Author |
|---------------------------|---------------|----------------|
| Regular Author (Industry) | INR 9,000     | USD 300        |
| Regular Author (Academia) | INR 7,000     | USD 250        |
| IEEE Author               | INR 6,500     | USD 200        |
| Student Author            | INR 6,000     | USD 200        |
| IEEE Student Author       | INR 5,500     | USD 200        |
| Regular Attendee          | INR 2,000     | USD 150        |
| Student Attendee          | INR 1,500     | USD 100        |
